COLONIZATION

1997

Late 1997 - Early 1998 MULDER'S DOUBT

Mulder began to doubt in the existence of alien life ever since Kritschgau told him that the government had fabricated stories of "little green men." Thus, when Mulder meets with Cassandra Spender, he is skeptical of her story about being an alien abductee.

X5 Patient X

1998

Circa February 1998 PATIENT X

Mulder believes that the government is behind the mysterious burning deaths of abductees at Skyland mountain. But Scully comes to believe Cassandra and the two find themselves "called" to the Ruskin Dam bridge along with many other abductees.

Early 1999
S.R. 819

When Skinner is afflicted with a disfiguring disease that brings him to the brink of death, Scully and Mulder try to discover the cause. Skinner learns Krycek has infected him with deadly nanotechnology, giving him the power to kill him at the push of a button.

X6 S.R. 819

1973 to 1999
THE SYNDICATE

The Syndicate began in 1973, when a group of powerful men began collaborating with the alien colonists to create alien-human hybrids. As a part of the agreement, the Syndicate turned over their family members as collateral and to be used as test subjects.

X6 Two Fathers and One Son

Circa February 1999
TWO FATHERS

Jeffrey Spender learns the truth about alien life when CSM directs him to kill an alien rebel disguised as a Syndicate elder. Cassandra, who knows she is an alien-human hybrid, tells Mulder and Scully that she must be killed in order to prevent colonization from beginning.

X6 Two Fathers

Circa February 1999
ONE SON

CSM tells Mulder that the conspiracy was necessary in order to save their loved ones, but now colonization is a certainty. The Syndicate, intending to meet the alien colonists, are instead killed by the alien rebels. Diana Fowley and CSM, who are in league together, escape.

THE X-FILES: COLONIZATION

Mulder's search for the truth suddenly seems near its end when he and Scully meet Cassandra Spender. A multiple abductee, Cassandra believes that aliens came to Earth on a mission that has somehow gone terribly wrong. Her theory is confirmed when Krycek reveals that three abduction sites were beacons for alien colonization and the death and destruction at those sites were caused by a small alien rebel force. Determined to prevent the colonization of Earth, this force is also eliminating all proof that an alien presence was ever on the planet. Unfortunately for Mulder, his quest for the truth has made him part of the proof which must be eliminated.

AGENTS FOX MULDER and DANA SCULLY

Seeking to investigate his sister's abduction and other paranormal phenomenon, Agent Fox Mulder reopens the FBI's long-dormant X-Files. Mulder exposes the secrets of an ongoing conspiracy between a powerful group of men known as the Syndicate and the alien colonists. During his search, Mulder experiences great doubt, suffering and loss in order to reveal the truth. Agent Dana Scully was originally assigned to the X-Files to debunk Mulder's work, but she soon decides to join Mulder on his quest. Scully finds her scientific objectivity called into question after being exposed to overwhelming evidence regarding the presence of alien life.
